#### Description

Outlook 2016 support

Original Email:  
Hello Robert,

We have huge activity in Italy and Spain and they all require that our Outlook connector 2010 and 2013 works stable and reliable with its 64 bit version. We need a killer Outlook connector robust, reliable and also the stable support of Outlook 2016 as all that will be critical for the success of Scalix

Can you please focus to fix all issues and provide a timeline in Redmine for the stable 64 bit version, with the bug fixes and the Outlook 2016 support.

#### History

##### #1 - 05/24/2016 07:12 PM - Monika Pum

ETA 12.6.0

##### #2 - 06/27/2016 03:59 PM - Robert Schardl

- % Done changed from 0 to 100

please do not post such things here.

##### #3 - 07/30/2016 11:49 AM - Monika Pum

Robert, creating a Ticket for each Feature/Bug/Request/Issue is strict Scalix Policy!  
Please mark Tickets as Resolved when they are completed but don't close tickets with a comment like that!

Thanks!
