<b>Target version:</b>	12.7		
<b>Operation System:</b>	--		

#### Description

add ability to view list of devices for user account at SWA interface.  
draft

current restrictions:

- changing state of the device enable/disable(sync or not sync) can be applied to existing wireless sessions after some time - up to 3 mins.

if device disabled any request to get changes though ActiveSync request for this device will be rejected with http status code 403.

ActiveSync Wipe when device disabled- coming soon.

Scalix swa package version with this feature is 12.7.0.28779.
